

Instrument Calibration Services and Repair

Providing Quality Calibration Services for Over 30 Years

Our calibration laboratories in Austin, TX and Phoenix, AZ have been providing high quality calibrations around the world for over 30 years.

With more than 20 years average technical experience, our ISO17025 accredited calibration service is staffed and equipped to support the instrument calibration needs of high technology industries.

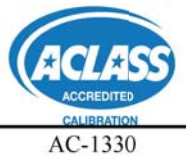

Our Calibration Services Include:

- IEC/ISO17025
- ANSI/NCSL Z540-1-1994
- On-site/In-place Calibrations
- 7-Day Calibration Turnaround
(for most in-lab calibrations)
- One-Stop Calibration Service
(if we can't do it, we'll find a quality calibration source who will)

Calibration Capabilities Include:

- Semiconductor Parameter Analyzers
- Logic Analyzers
- Baratron calibrations
- ESD Field & Resistivity Meters and Kits
- ESD Wrist/Foot Strap Testers
- Relative Humidity Meters
- Air Flow Meters
- Pulse/Function Generators
- RF Sine wave Generators
- Oscilloscopes
- PXI & VXI Measurement Cards
- Current Sources/Meters
- High Accuracy Multimeters
- LCR Meters
- Profile & Spike Thermocouple Assemblies
(types B, R, S - custom fabricated and calibrated)
- Base Metal Thermocouples and Probes
(types J, K, and T - custom fabricated and calibrated)
- Electronic Calibrators
- Decade Resistance Box Calibration
- Power Supply Calibration
- Electronic Load Calibration
- Thermocouple Calibrators
- Megger Calibration
- Hi-Pot Tester Calibration
- Clamp-On Ammeter Calibration
- Chart Recorder Calibration
- Data Logger Calibration
- Multifunction Calibrators
- Spectrum analyzers
- Network analyzers
- Signal generators
- Curve Tracers
- Communication Analyzers
